

# THE XGK EX STOVE BY MSR

£165.00

RRP £215

## The ultimate, multi-fuel expedition stove

**Proven:** No. 1 choice on expeditions worldwide.

**Multi-Fuel:** Reliably burns more liquid fuels than any other stove.

**Dependable:** Easy to field maintain; Shaker Jet™ cleans fuel jet with a simple shake.

**Compact:** Flexible fuel line allows stove to fit in a 1.5-litre MSR pot.

**Superfast:** Boils 1 litre of water in just 2.8 minutes (using kerosene fuel).

**Extra-Stable:** Retractable legs and pot supports provide a secure platform.

**Emergency-Ready:** Field maintainability and reliable durability make liquid fuel stoves an excellent choice for an emergency preparedness kit.

**Includes:** Fuel pump, windscreen / heat reflector, small-parts kit, instructions, and stuff sack. (Fuel bottle not included.)

For over 35 years, the MSR® XGK™ stove has been the world's most reliable extreme-condition stove; trusted by mountaineers everywhere. The XGK EX stove continues that legacy with unrivaled performance, dependability and better multi-fuel burning capabilities than any other stove on the market. It features a flexible fuel line that allows it to pack smaller than ever, as well as stable, retractable legs and pot supports, and a powerful flame that melts snow and boils water incredibly fast. No matter where you're headed, with an XGK EX stove along, you'll find fuel to burn and the absolute dependability that has made it the first choice in liquid fuels stoves on expeditions for decades.

**Ultralight, single-wall tent for alpine-style mountaineering.**

**Ultralight Strength:** Extreme-condition protection at just 1.3 kg (2 lb. 14 oz.).

**Easton® Syclone™ Poles:** Ultralight, cutting-edge composite materials resist breaking in severe conditions.

**Small Footprint:** For easier pitching on narrow ledges in the high alpine.

**Fast Setup:** Hybrid clip and pole sleeve design sets up in seconds with one person so you can get out of the weather quickly.

**Additional Features:** Side vents maximize air flow options; Xtreme Shield™ waterproof coating.

**Includes:** Tent body, rainfly, poles, 6 Groundhog™ stakes, guy lines, easy-load, wide-mouth stuff sack, setup instructions.

# ADVANCE PRO 2 £530.00

RRP: £730.00

[Email Mark to order](mailto:drmarkhines@gmail.com)

[drmarkhines@gmail.com](mailto:drmarkhines@gmail.com)

Engineered to meet the needs of professional alpinists, the 4-season Advance Pro™ 2 tent features an ultralight construction and a small footprint for easier pitching on high-altitude ledges. Its extreme-condition, single-wall design utilizes nearly indestructible Easton® Syclone™ Poles and reinforced guy-points. A unique pole sleeve allows the tent to be set up fast by one person standing in a single precarious spot—a critical advantage when space is precious in technical terrain. Proven in harsh environments like the Himalayas, the Advance Pro™ tent delivers reliable protection on aggressive summit assaults.
